

# YEAR 5 HOME LEARNING - THE DARK AGES

Your challenge is to create a visual aid or artefact linked to our project on the Anglo-Saxons and the Dark Ages.

Think about something that really interests you — perhaps a weapon, piece of jewellery, tool, or an object from daily life, religion, or storytelling.

You will use your artefact or prop to support a short presentation in class, where you'll take part in Hill View's Dark Ages History Convention!

During the convention, you'll act as an expert, sharing your knowledge with other historians from across the year group.

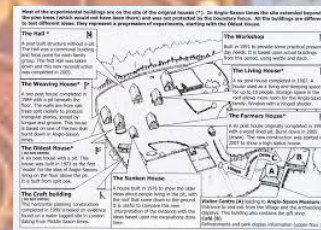

## As an 'expert' you will:

Choose or create an item that helps others understand your area of expertise.

## As a historian, you will:

- Research important aspects of your chosen artefact or subject area.
- Evaluate your sources carefully and select reliable information.
- Show a clear understanding of your chosen area of study.

## What to bring

Please bring your visual aid or artefact into school on **Monday 8<sup>th</sup> December 2025**.

Make sure it clearly shows what you have learned and helps explain your area of expertise.

We look forward to seeing what you produce.
