

The Iron Giant

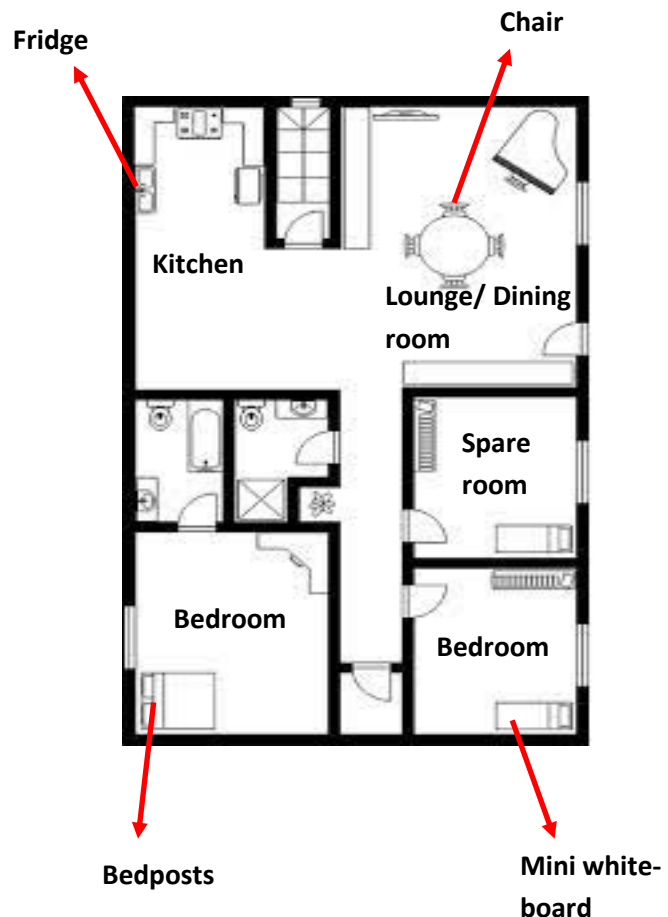

Home learning is due: 15th December 2025

Your challenge in this project will be to create a map that shows the magnetic materials around your house. To present your map you could:

- Create a poster on the computer
- Sketch and label a floor plan of your home (see the example on the right)

Top Tips

- Remember to use rulers to help when you are drawing straight lines
- You could use a fridge magnet to test the different materials
- Label your diagram clearly
- Aim for 5 star quality

Please send your home learning in by :
15th December 2025

At school, the children will share their floor plans with their group, debate whether the materials they have found are definitely magnetic, discuss any similarities and identify any differences between the materials in their home.
